Verse

Wasting all my time since i was gone
To live my life all on my own
I believe that maybe one day
Maybe some way, love will come back home

Just another dream fading away
To many tears, don't play these games

It's gunna be a lonely waiting
Lonely dating
Basdity of love

I'm thinking I've found you, I've found you
Don't leave me in love again
I'm thinking I've found you, I've found you
Wish you were here to stay
I'm thinking I've found you, I've found you
Don't leave me in love again
I'm thinking I've found you, I've found you
Falling in love, falling in love.

Chorus

La da di da di da
La da di da
La da di da di da
(Repeat x4)

(Music fading out)
