Finally got myself together (now I know)
Now I know just who I am (I'm a changed man)
Finally got myself together (but now I know)
Now I know just who I am

Been uptight and so confused
Felt burned and felt abused
I didn't know what was wrong with me
I felt like the skid row was my destiny
And I'm a changed man

Finally got myself together (and now I know, know,
know)
Now I know just who I am (I'm a changed man baby)
Finally got myself together (and now I know, know,
know)
Now I know just who I am (listen to me baby)

A little smoke, got a little drink,
Cut my hair back so I couldn't think
Love came along late one night
And it followed me to see the light
I'm changed man
Finally got myself together (and now I know, know,
know)
Now I know just who I am (I'm a changed man baby)
Finally got myself together (and now I know, know,
know)
Now I know just who I am (just look at me now)

Look at the smile on my face (just look at me now)
Just look at the smile on my face (just look at me now)
Don't despise as you walk by (look at me now)
Look me straight in my eyes (hey, I'm changed)

Finally got myself together (and now I know)
Now I know just who I am (baby, I'm changed)
Finally got myself together (and now I know, know,
know, yeah baby)
Now I know just who I am (I got news for you babe)

Finally got myself together (come on baby, I gonna do
no more)
Now I know just who I am (the places I used to go baby)
Finally got myself together (come on girl, I don't want
no more)
Now I know just who I am (come on, come on baby)

Finally got myself together (come on baby, come on
baby, come on baby)
