Chorus

Anytime you need a friend, you can count on me
Anytime you're having doubts, you know i will believe
Even through thick and thin, no matter where or when
On me you can depend
We are best friends

Verse

Whenever there is something that is trying to knock you
down
Remember you can call me and we'll get your feet on
solid ground
You'll never have to worry, don't you ever walk in fear
'cause through it all you'll have someone who's always
standing near

Right by your side,
If you need my strength, you can tell me
There's nothing to hide

Chorus

Verse

You understand the battles we must go through every
day
If ever i am lost, i know that you will help me find my
way
I still remember all those times when i was feeling low
You picked me up and said there's something i think
you should know

You're not on your own, whatever you're facing
You don't have to face it alone

Chorus

Bridge as long as we're together, there's no mountain
that we can't climb
Through the good and the bad, happy or sad
This friendship we have will last for all time

Chorus x2
