She's not your average girl  
She's just a dirty pearl  
She might be priceless  
But they're blind to it

She got that halter top  
She haunts the truck stop  
She's got several secrets  
Scribbled on a matchbook

She's showing you her scars, isn't she?  
She's sleeping with the stars, isn't she?

Oh, but you can do what you like, boys  
Oh, you can do what you please  
Oh, just be gentle with that girl  
She's shining like a dirty pearl

Yeah, it's such a lovely world  
You can have her for a rusty dime  
When she gets her head around to it  
She's gonna buy that Chevy Nova and point it at the  
ocean

She's showing you her scars, isn't she?  
She's sleeping with the stars, isn't she?

Oh, you can do what you like, boys  
Oh, you can do what you please  
Oh, just be gentle with that girl  
She's shining like a dirty pearl

She's shining like a dirty pearl  
Shining like a dirty pearl  
Oh, she's shining like a dirty pearl
