All of this time
Guess i must have been blind
Not to see you and me
We're picture perfect

Now baby we've been friends
For such a long, long time
We've been through laughs
And we've been through cries
But lately have you seen
The way my tongue gets tied
Can't hardly speak when i look into your eyes

It's because of the way i'm feelin'
It's somethin' i never dreamed
And our love has a different meaning
It took so long to reveal but now i know it

Chorus:
[all of this time, guess i must have been blind
Not to see you and me we're picture perfect
I should be yours
Baby, you should be mine
Meant to be, can't you see we're picture perfect]

I'm yours, be mine, we're picture perfect
Forever picture perfect

I showed some friends of mine
My favorite photograph
You know the one of you and me from way back
And when i told them all
That you were not my guy
They couldn't see it,
Couldn't understand why

Everyone thinks it's so romantic
They say we're two of a kind
And the more that i think about it
The more that i realize what
I've been missing

Chorus

My heart keeps tellin' me
Make up your mind, love's what you need
You've been holding back for too long, yeah
You know it makes good sense
The best lovers are the best of friends
I guess that we should have known all along

Everyone thinks it's so romantic
They say we're two of a kind
And the more that i think about it
The more that i realize what
I've been missing

Chorus 2x

I'll be yours, be mine we're picture perfect
Forever picture perfect
