Just gettin busy, I'm telling you, baby
Take it as a promise, no ifs, ands, or maybes
Got to get busy, 'cause I know I'm down
As I tap to my instruments this funky sound

Prone to make your body start to perspire
As I turn the volume up higher and higher
Have the people stomping to my beat, you bet
Break out the casio and the drum machine

Cold kicking ass
It's my beat

Just gettin busy, I'm telling you, baby
Take it as a promise, no ifs, ands, or maybes
Got to get busy, 'cause I know I'm down
As I tap to my instruments this funky sound

Prone to make your body start to perspire
As I turn the volume up higher and higher
Have the people stompin to my beat, you bet
Break out the casio and the drum machine

Cold kicking ass
It's my beat

Break out the casi..
Break-break out the casio
[3x]

Break out the casio and the drum machine

Cold kicking ass

It's my beat
