The fuse is lit and time runs thin
I'm feeling this way again
The things around me are going to break
So will I, if that's what it takes

Punch the wall until it cracks
The problem is, it won't hit me back!

Banish my mind to the void
But first I'll make sure that you're destroyed
This anger needs to be set free
And I don't care what it does to me

Banish my mind to the void
But first I'll make sure that you're destroyed
This is what happens when I see red
This is what happens and now we're dead
