If I could make my living going fishing
Then I would make my living with a line and pole
Put food on the table, pay the money to the landlord
Buy some working clothes
'Cause I ain't making money going fishing
Like I'm paid in a factory

If I could pay all these bills with my guitar
Then I would pay these bills with some rock 'n' roll
Put food on the table, pay the money to the landlord
Buy some working clothes
'Cause I ain't making money going fishing
Like I'm paid in a factory

Well, if I could
(If I could)
Then I would
(Then I would)
Make money doing something that I love
I'd thank my lucky stars above

If I could just get by, loving you dear
Then I would just get by making love to you
Put food on the table, pay the money to the landlord
Buy some working clothes
'Cause I ain't making money going fishing
Like I'm paid in a factory

Play that guitar

Well, if I could
(If I could)
Then I would
(Then I would)
Make money doing something that I love
I'd thank my lucky stars above

If I could just get by, loving you dear
Then I would just get by making love to you
Put food on the table, pay the money to the landlord
Buy some working clothes
'Cause I ain't making money going fishing

Like I'm paid in a factory

Come on, y'all

Well, if I could

(If I could)

Then I would

(Then I would)

Make money doing something that I love

I'd thank my lucky stars above

If I could just get by, loving you dear

Then I would just get by making love to you

Put food on the table, pay the money to the landlord

Buy some working clothes

'Cause I ain't making money going fishing

Like I'm paid in a factory

Put food on the table, pay the money to the landlord

Buy some working clothes

'Cause I ain't making money going fishing

Like I'm paid in a factory
