I know I'm one that you love  
Just not the only one  
You say that you can't resist me  
I know I should just break and run

But I won't till I figure all this out  
And I can't cause there's a chance  
We could make it all work out

Till now I've never had a broken heart in my life  
Never had a pain so dark and deep that it doesn't help  
to cry  
How could I want a sin to protect me  
It hurts like hell but it ressurects me  
Then it's time for you to go home  
It wrecks me

You're everything I've been missing  
I can't get you off my mind  
I know its wrong Baby, when we're kissing,  
I tell my heart everytime  
But it won't stop beatin' for you  
And it can't cause there's a chance we might make it  
through

Till now I've never had a broken heart in my life  
Never had a pain so dark and deep that it doesn't help  
to cry  
How could I want a sin to protect me  
It hurts like hell but it ressurects me  
Then it's time for you to go home  
It wrecks me

I know you have more to lose  
I think about it every day  
And no matter who you choose,  
I love you either way

Till now I've never had a broken heart in my life  
Never had a pain so dark and deep that it doesn't help  
to cry  
How could I want a sin to protect me

It hurts like hell but it ressurects me  
Then it's time for you to go home  
It wrecks me
