She's so stupid cupid and she's mean but she knows how to boogie and she is so keen and she moves me.

'Cose she's so good good she looks so good and she's so fine fine she looks so fine

when she treats you bad you will lose your head oh yeah she's so good

good good

she looks so good and she's so fine

fine fine

she looks so fine if you treat her kind she will blow your mind oh yeah.

When she laughs it sound like angels singing and when you're alone with her you may hear bells ringing and she moves me.

'Cos she's so good good good

...

ke you out
