Goona meet up, cos I'm going down,
Making my way towards Barrytown,
If your worried about your feet going down,
Follow the beat of this Barrytown
Nobodies heard what's underground,.
Say you will be coming down,
Gonna meet up cos I'm going down,
Making my way towards Barrytown,
If your worried about your feet going down,
Follow the beat to Barrytown.
Swanning yourself to that same old sound,
Thinking you're cool when your nose is brown,
You don't need to be sold in town,
I just wanna hear songs.
Could this be something, I want to justify,
I've made some questions, questions to dignify.
I'm hearing something, something that works my mind,
I'm making something, something i can't deny, hey
hey.
Let me get up if you're getting down,
Pick yourself up, stop beating round,

Say you will be coming down.

(Repeat chorus X2)
