"Hold On"

You never had a word to say
But you keep enough, a lot to make
I never tried to learn to love
Cos it's easy, oh enough to fake

Oh Oh

You've really got enough to hold on
So just hold on
Cos if you feel a little bit colder
You know you won't need nothing to say
Hold on, hold on
Just hold on
Cos when you get a little bit older
You'll see you won't be running away

So many people tell me it's alright
And that you've only got yourself to blame
Oooh woah woah
And didn't you, you know it's the truth woah
That something always stays the same *ooh*
Oooh woah woah

Oh Oh

You've really got enough to hold on
Just hold on
Cos if you feel a little bit colder
You know you won't need nothing to say
Hold on hold on
So just hold on
Cos when you get a little bit older
You'll see you won't be running away

Cos everytime you hold on
I still see stars to hold on
So just hold on
Take it too far to hold on *cos when I hold on*
I think I tried to hard to hold on
I would have died if I wouldn't have hold on *oooh*

Ooh ohh

You've really got enough to hold on

Just hold on
If you feel a little bit colder
You know you won't need nothing to say
Hold on hold on
And just hold on
Cos when you get a little bit older
You'll see you won't be running away
Hold on hold on
So ho-old on
Hold on
Hold on
Hold on
So ho-old ooho
Hold on *repeat to fade*
