I tried so hard to squeeze into your world

But I'm gunning for devotion

I got to be all the (?)

But I think it is the (?)

But why do you make and it's fit for all the people you see

Hello my friends its me again

Am I going through the motions

I got to see (?)

But I think it is the (?)

But why should I call if it brings us to

If you're gonna move in stereo

Then I would try and look away

If you're gonna move in stereo

Then I will be writing on the walls, writing on the walls today yeah

I had commuters built into my brain

And it causes a commotion

And now I'm saved (?)

But I think it is the (?)

And I wouldn't call if it brings us to

But I think it is the (?)

But why should I call if it brings us to

If you're gonna move in stereo

Then I would try and look away

If you're gonna move in stereo

Then I will be writing on the walls, writing on the walls  
today

Oooooooooooooo

Make me something new in stereo

Maybe I should try and look away

Make me something new in Jericho

Maybe I'll be hiding away

Make me something new in stereo

Baby I could try and look away

Make you something new in Jericho
