All the games that you wanted to play
What's hideous
Not taking part in all the games that you play
What's hideous

Shaking it all
Breaking the fall
Thinking you've got it made
What's hideous

Taking the calls
Grabbing the walls
Thinking you've got it made
What's hideous
a i a i a i a

You didn't need a person to call
Now all the things that you wanted to play hey
What's hideous
Not taking part in all the games that you play
What's hideous

Shaking it all
Breaking the fall
Thinking you've got it made
What's hideous

Taking the calls
Grabbing the walls
Thinking you've got it made
What's hideous
a i a i a i a

Well you didn't need a person to call

Do you know what is hideous
Do you know what is hideous at all
It's just something I cant recall

Do you know what is hideous
Do you know what is hideous at all

It's that feeling I had before

Now all the things that you wanted to play yeah
What's hideous
Not taking part in all the games that you play
Yeah what's hideous

Shaking it all
Breaking the fall
Thinking you've got it made
What's hideous

Taking the calls
Grabbing the walls
Thinking you've got it made
What's hideous
a i a i a i a

Now you didn't need a person to call

(interlude)

Do you know what is hideous
Do you know what is hideous at all
It's that feeling I had before

Now all the games that you wanted to play
Yeah what's hideous
Not taking part in all the games that you play
Yeah what's hideous
So.. oooooo
Yeah..oooo
oo what
Breakdown!

What's hideous!
