You

Nearly third of my height  
You smile and make all wrong right  
You believe the world's right here

Try

To hear the big one's whisper  
They try to make you smarter  
But you pretend you just don't hear

Please please get away from me  
Please please go and let me dream

I don't need any of you to tell me how  
The rain can fall on me  
There's a faith in my heart I can do anything  
If I just try hard  
I don't need all the boundaries you build for me  
And no I don't need no guide  
Let me feel all the thirst I have inside of me  
Let me dream like child

New

Everything's for the first time  
For you the strange guy is fine  
You believe there's good in us all

Stay

Close to those who feel right  
They almost hold you too tight  
They will keep you far from the fall

I don't need any of you to tell me how...

Dreaming of the seas and places  
Dreaming of the skies and faces  
Dreaming of the Sand and Kisses  
Dreaming of the Love and Bliss's

Dreaming of the Snow top mountains  
Dreaming of the flies and fountains  
Dreaming of the White wild horses

Dreaming of the world
