I know a way to something much better
Hold it inside me
I know a fairytale that is longer
Than anyone will read
I know a way to something much higher – Keep it
inside me
I know the way to touch the sky

Into the light we go, we're speeding
With all headlights on
I know the glory moment's approaching
This can go so wrong
I know a way to something much higher – Keep it
inside me
We're far away from today and this time

It ain't the way to say I'm sorry
It ain't the way to see my glory
It ain't the way
