You know the guy, he found a girl, he graduated
Living for his family day and night
Until the night he made himself deactivated
Running far away with that someone

Well, it's unfair
They made it all the way there

Make it go away
No way this time it ain't my sorrow
Make it go away
All the lines we say, the games we play, it ain't just
fair
Make me strong today

I know the night
I've seen the girls wear nothing but their dreams
around
Knowing they never come true
And I've seen the sky
Did reach up to the stars and all I found was myself
lying on the ground

Well, it's unfair
They make it all the way there

Make it go away
No way this time it ain't my sorrow
Make it go away
All the lines we say, the games we play, it ain't just
fair
Make me strong today

Make it go away
No way this time it ain't me

Make it go away
No way this time it ain't my sorrow
Make it go away
All the lines we say, the games we play, it ain't just
fair

Make it go away
No way this time it ain't my sorrow, no
Make it go away
All the lines we say, the games we play, it ain't just
fair
Make me strong today

And make me believe
