Come to me close to me  
Park here beside me  
Come to me leave the rest far behind  
Give me a moment  
I need to say something  
Give me a moment  
I need to say something sweet

Can you feel all the same things  
That I'm feeling  
We are so ready to share all this  
Give us a moment  
We need to do something  
Give us a moment  
We need to do something sweet

I have all I need  
I want nothing more  
Far beyond from them, here with you  
Would you stay  
Blow the world away

This is all I want  
All I ever had  
You and I right here a little more  
Here we'll stay  
Something sweet is on the way

Beautiful, Powerful, feeling so strong  
The stars close their eyes  
They don't need to see  
You are the reason  
My whole inspiration  
You are the reason  
We're making something sweet

I have all I need  
I want nothing more  
Far beyond from them, here with you  
Could you stay  
Blow the world away
