I don't want you around me today,  
I just said,  
'cause I need air I don't wanna share  
my life with you this way.  
I didn't need to believe  
that we are something more,  
you were just you and  
we weren't true until you walked away.

You know it's the right one,  
when you lose someone  
and you feel so ashamed  
how you just didn't get it right.  
It's always the right one,  
when you miss someone  
and it hurts like hell  
and you know you were just blind.

I would break every wall  
In the world to get you back.  
No, I can't sleep but I'm not awake,  
I'm feeling way too bad.  
I can't stand anything  
that reminds me of you  
and I just can't stand  
my friends anymore,  
who say that I'll be OK soon.

You know it's the right one,  
when you lose someone  
and you feel so ashamed  
how you just didn't get it right.  
It's always the right one,  
when you miss someone  
and it hurts like hell  
and you know you were just blind.

I miss you every day much more than I can say.  
I hate the world today, it took you far away.

You know it's the right one,

when you lose someone  
and you feel so ashamed  
how you just didn't get it right.  
It's always the right one,  
when you miss someone  
and it hurts like hell  
and you know you were just blind.
