It's been hard to come to you lately
It's been easier to stay away
And I can't feel the heat not the one that we would need
There is something wrong there's a wall in between

Wait, we can't fall now
We cannot leave all we have
I know it hurts and feels bad

We should stay and just fight back
We had it once all the way the whole story
And it will hurt but I'd be glad to take the pain

I've been trying to touch you the sweet way
You tried kissing me like the early days
But it's all very cold and it tears me apart
Yeah, it's too damn cold but we just can't stop now

Wait, we can't fall now
We cannot leave all we have
I know it hurts and feels bad

We should stay and just fight back
We had it once all the way the whole story
And it will hurt but I'd be glad to take the pain away

Pain is a side of love we choose
To live with you know
After the rainy day
The sun will shine so

Wait, we can't fall now
We cannot leave all we have
I know it hurts

Wait, we can't fall now
We cannot leave all we have
I know it hurts and feels bad

We should stay and just fight back
We had it once all the way the whole story
And it will hurt but I'd be glad to take the pain away

And it will hurt but I'd be glad to take the pain
