I'm too tired  
I can't sleep  
I'm too down  
I'm too weak  
I've been burnt out here for way too long  
Anything is everything  
We're all the same here  
Brought between this endless game of fear

But what did I do  
And where did I go wrong  
We're breaking down in here  
What did I do  
And where did I go wrong  
We're breaking down

So I

Stand between this on end  
We're giving in to this again  
We've come this far to not back down  
We won't let this sink in

Not now  
Not then  
Not now

We're coming over from this again  
We're starting to push ourselves to the end  
And if we try more just than we see  
I'm sure to beat the odds with me

So let this replay

But what did I do  
And where did I go wrong  
We're breaking down in here  
What did I do  
And where did I go wrong  
We're breaking down

So I

Stand between this on end  
We're giving in to this again  
We've come this far to not back down  
We won't let this sink in

Not now  
Not then  
Not now
