Can we sit and talk for once in a while?
Once in a while.
And is it too much for once in a while?
Once in a while.

But You, you turn when it's over,
You, you crack when it's over,
You, you give when it's over,
You...

Lately, I've been feeling something more,
But how do I change my ways?
Should I change?
Or should I change?

For You, you turn when it's over,
You, you crack when it's over,
You, you give when it's over,
You...
Keep coming back again,
To take whatever.
Back again,
To reclaim whatever,
Back again, from me.

No You, you turn when it's over,
You, you crack when it's over,
You, you give when it's over,
You...

Oh, you...
