[Eminem] {\*yawns\*} Yeah, look If I would've rap about the crap that's out, that's the route you probably want me to take cause you're just dyin to know what I think Here my take on some other rappers If I was to say somethin about Paul Wall you'd probably crap in your pants Cause I'm white and he's white, so he's like my competition I mean, right? Nope Paul Wall is dope, and so is Bubba, so {\*blblblbl, pbbbt\*} B-b-b-b-b, but I don't compete with nobody I just go hard, do the rope-a-dope Ali shuffle And dance around my opponents, do donuts Sometimes I play possum, like I'm asleep it's awesome I'm like a sleepin giant and when I awake I'm like Dre I just jump from outta nowhere and bite break And sink my teeth in 'em and fill 'em, full of poison And make a noise like a snake before I kill 'em And let 'em know that I just don't feel 'em And smack 'em with the back with EMP and Eminem, and bill 'em I was taught if you're gonna murder somebody you should face 'em Tell 'em why, look 'em dead in the eye, then waste 'em And the dark shall emerge from the fiery depths of hell Then swallow the shell, all the hollow who dwell in the shadows of all who are willing to sell their souls For this rap game and it g-g-goes One-two-three, chk-chk one-two-three Chk-chk one-two-three, that ain't the hook, now follow me There's nothing else for me to say, my public adores me Everybody bores me, they're just so corny So at night before I sleep, I look in the mirror The mirror grows lips and it whispers "Come nearer"

[Chorus: Eminem] My darling, I don't ever want you to leave, you're my darling You and me were meant to be together my darling And if I cannot have you no one can, you're my darling Cause I possess your soul, your mind, your heart and your body I don't ever want you to leave, you're my darling You and me were meant to be together my darling And if I cannot have you no one can, you're my darling Cause I possess your soul, your mind, your heart and your body [Eminem] + (devil) (Shady, I know you're in there somewhere, come here Talk to me, sit, here, pull up a chair Why don't you cut your hair? {\*laughs\*} Dye it back, c'mon try it) AHHHH! No I told you leave me the fuck alone, will you?! (But

I'm here to rebuild you) But I already killed you! (But Shady, we were meant for each other Think about your mother) Yeah, so what of her? They're screamin for you, I can bring your career back) But I don't want it back (Yes you do) no I don't (Yes you do, you're gonna regret it later) No I won't (I'ma get Dre on the phone, I'll just call the Doctor) Go ahead, I already talked to, Dre yesterday (Well I got him on the phone right now) [Dr. Dre] + (Eminem) Slim (you're lyin) yo Slim! (How, why now?) (Whattup Dre?) Check this out Slim, I gotta talk to you I don't know, it just seems like ever since you got off your drugs you became a lot softer (But Dre, all Shady is is a bottle of hair bleach and vodka) Well, just think about it Slim, I'm here Just hit me back and let me know what's up (FUCK THIS MIRROR!) {\*glass breaks\*} [Eminem] + (devil) AHHH! (I'm not in the mirror, I'm inside you Let me guide you) FUCK YOU, DIE YOU SON-OF-A-BITCH! {\*gun cocks\*} (Put the gun down) Bye-bye! {\*blam\*} Okay, I'm still alive (so am I too! You can't kill a spirit even if you tried to Ha ha, you sold your soul to me, need I remind you? You remember that night you prayed to God you'd give anything to get a record deal, well Dre signed you This is what you wanted your whole life Marshall, right? Ooh Look at this house, look at these cars, they're so nice, woo! Oh, but you didn't know fame has a price too? Did you just now seein the downside too? Lose your best friend from high school, your wife too Ain't even sure if your kids like you? Come off tour, can't even sleep at night without NyQuil Think I'm a Valium addict, start a rehab cycle But together we can break the cycle Marshall) WHAT?! (No one's gonna love you like I do) [Chorus] [Eminem] I said I don't ever want you to leave, you're my darling You and me were meant to be together my darling And if I cannot have you no one can, you're my darling Cause I possess your soul, your mind, your heart and your body {\*echoes\*}
