Chorus: Scratching: "No...you hear me! You go to hell" -
> Mr. Garrison Verse One [Eminem]: Yo At birth I was
born with the biggest middle finger on earth The first
time I went to stick it up the shit hurt Mom wouldn't take
me The bitch still hates me Shit, one day she said, "Go
rake leaves," I said, "Make me!" I'm proud to announce
I was probably the first kid Who was kicked out of his
house For making fart sounds with his mouth Arguing
with me and mom was on-going She called law
enforcement when I broke the law mower The slut gave
me a truck when I turned sixteen I went to start it and it
screamed, "Please fix me!" Back then, when Will Smith
was still the Fresh Prince And him and Jeff were still
best friends, I guess then I decided to cut class to rap
full time And get the fuck outta this fake ass school
and rhyme Anybody who thinks this fuckin attitude is a
gimmick Come and see me, see if I don't live up to this
image You fuckin' pricks! Scratching: "No...you hear
me! You go to hell" -> Mr. Garrison Verse Two [Obie
Trice]: How the fuck you gonna fuck with O Trice with a
staff full of hoes With one gat and a wack stack of
flows? A whole lot of lip Thicker than Obie's shit Oh shit
they found your ass floatin' in the ocean Body part
corroded Cast away You stretched in a cast today
That's how a real bastard play Do shit the bachelor way
Creek niggas will blast away Y'all niggas ain't tough
Y'all niggas funny Y'all need to roll on WB 20 Niggas
think they 2Pacalypse Now Until they catch a buckshot
Chicken pop a nigga's style Niggas scared of the firm
Slim, Dirty Dozen and Trice Come back like thieves in
the night Niggas jump, that's reason to fight That's
reason to rearrange your teeth with the right
Motherfucker
