this song is very hard to understand, even after finding a clear version of it. Lots of question marks ahead...this is back when the beat was louder than Eminem's voice, I'm guessing on some of em

(after a phone call between Kim and another man, the song begins)

[???sample??]

Fuck it, ???????? enough bullshit ???????? (4x)

[Eminem]

I shoulda been able to see that you were the one behind this

but i was blind as fuck ????? so ????????

Take a second to stop and think about what you done

and you woulda thought that being a friend ???? all
because of what you run your mouth

you wanna prance around and gloat?

Lets see how well you dance around

when i got my hands around your throat

Cause It's a matter of time till I get my blows in and it
won't be long

You shouldn't go walkin around and stickin your nose in
where it don't belong

Cause everytime you ???? when you was stretchin the

??? the puzzle well into place with every peice that I
selected

But I'll never let that crap happen again

You come back ???? again

that's for backstabbin a friend

cause every name in the book

wouldn't be enough

so i just figured I'd say your name in the hook

[Proof talking]

Backstabbers don't live too long

around my way friendships betrayed

in the hood you die for that!

For those that don't love this combat ???? verbally
?????

???? relate to the death of a backstabber

that's like the desire to make ?????? combustion of the
???

the backstabber for the female, you sleezin ass bitch
nigga!

So remember, the backstabber always loses in the end

A friend is a friend to the end

F-R-I for Fri, E-N-D a friend for the end.....yes

to eternity.....the backstabber shall never flourish

take em.....
