If I told you how I feel about you
Would you say the same?
And if I wrote it in a letter
Would you keep it or throw it away?
I never thought
I'd feel the way, I'm feeling lately
When everything you seem
To do just drives me crazy
Every waking day
You take my breath away
With every word you say
You take my breath away
You look at me that way
Baby come what may
I hope that you'll always know
How you take my breath away
How you take my breath away

If you told me how you feel about me
Things I did not know
If you said you fill my heart
With all your love until it overflows
I don't know the way you feel
But boy I'm hoping
I always used to hide away
But now I'm open

Every waking day
You take my breath away
With every word you say
You take my breath away
You look at me that way
Baby come what may
I hope that you'll always know
How you take my breath away
How you take my breath away

Take my breath away (x3)
Every waking day
You take my breath away
With every word you say

You take my breath away
You look at me that way
Baby come what may
I hope that you'll always know
How you take my breath away
How you take my breath away
How you take my breath away

Take my breath away
Take my breath away
How you take my breath away
Take my breath away
Take my breath away
Take my breath away
Take my breath away
