Trying to catch your heart is like
Trying to catch a star, it's like
Trying to catch your heart is like
Trying to catch a star, it's like

Trying to catch your heart is like
Trying to catch a star, it's like
Trying to catch your heart is like
Trying to catch a star

Trying to catch your heart is like
Trying to catch a star, it's like
Trying to catch your heart is like
Trying to catch a star

Trying to catch your heart is like
Trying to catch a star

That must be what you are

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah

Waiting

Trying to catch your heart is like
Trying to catch a star, it's like
Trying to catch your heart is like
Trying to catch a star, it's like

Trying to catch your heart is like
Trying to catch a star, it's like
Trying to catch your heart is like
Trying to catch a star

That must be what you are

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah

Waiting for a star to fall
And carry your heart into my arms
That's where you belong
In my arms baby, yeah
