scared to speak, afraid of what you might think of me
rehearse the lines in my head
she's approaching me, it's really happening
whenever she comes around it gets a little harder to
breathe
but something bout this girl right here makes it easier
to be
not so shy, (maybe just) a little fly
for her i don't have to hide under my disguise

the other me is the part of me i want her to see
the other me, like a captive heart thats been set free
i walk a little different (when i'm with her)
i talk a little different (when i'm with her)
she's the reason that it's ok to be the other me
the other me, other me.. (other me)

like superman i tried to hide my true identity
one look is all it takes to make me feel like a man of
steel
she helped me find someone that was there all the
time
there's something about this girl right here makes it
easier to be
not so shy, (maybe just) a little fly
for her i don't have to hide under my disguise

the other me is the part of me i want her to see
the other me, like a captive heart thats been set free
i walk a little different (when i'm with her)
i talk a little different (when i'm with her)
she's the reason why it's ok to be (yeah yeah)
the other me, other me..

finally get the chance to say what i can only say in my
dreams
i can let it go, let her know how i really feel
(finally know the other me, finally know the other me)
(finally know the other me, finally know the other me)

the other me is the part of me i want her to see

the other me, like a captive heart thats been set free
i walk a little different (when i'm with her)
i talk a little different (when i'm with her)
she's the reason why it's ok to be (yeah yeah)
the other me, other me..
(finally know the other me, finally know the other me)
(finally know the other me, finally know the other me)
(finally know the other me, finally know the other me)
