Everything you wanted in your life

Everything is certain

Try and understand

Put a checklist on your wall

I am not what you think I should be

[Chorus]

But you're making amends

To your circle of friends

And you're trying to fit me to their mold

Yeah you're making amends

To your circle of friends

And you're trying to fit me to their mold

When you're trying to make decisions

When you try to water this thing down

Look up once in a while

You'll see it's not so clear

The things you believe in

Are the things that's worth keeping

Make a promise, stand right by your word

[Chorus, guitar solo, repeat chorus]

Your circle of friends

Your circle of friends

Your circle of friends
