I Want To Change The World  
Keep on holding on your desire  
You will get that shining love  
That you can't wait to know  
If you go on to get your goal  
It's Wonderland!

I felt so worried when I spout out the time  
Thinking of the future it lies  
Cause I knew that there's nothin'  
That I really want to know  
And then I met you  
So I could feel what you should know  
I finally find a love  
And now I'm really feeling her right  
Cause the matter is gone  
This is the way to love you

I Want To Change The World  
Walk again, never miss the way  
Don't be afraid I'm with you  
And we could fly away  
If you could stay with me forever  
Change My Mind  
Won't get lost if your passion's true  
I'm gonna fly with you again  
So you could spread your wings  
And you will fly with me away  
It's Wonderland!

Every single thing  
The time and the flyin'  
Til the day, I won't let you go  
You will see that your desire will be granted again  
It's just the feeling  
You understand the travel life  
It won't be to bad to face  
And then it probably you will see will not be to heart  
If we could walk beside you

I Want To Change The World

Walk again, Fire against the wind  
Don't be afraid to be true  
Cause now you have to bring  
The power of your smile in your face  
Change my Mind  
Keep on holding on your desire  
You will get that shining love  
That you can't wait to know  
If you go on to get your goal  
It's Wonderland!

I Want To Change The World  
Walk again, never miss the way  
Don't be afraid I'm with you  
Now we can fly away  
If you could stay with me forever  
Change My Mind  
Won't get lost if your passion's true  
I'm gonna fly with you again  
So you could spread your wings  
And you will fly away with me away  
It's Wonderland!
