Now what sound of my dj cuts  
Terminator's back on some ol' fools track  
Takes a nation of sellouts to keep us back  
Flippin disco raps used to be whack  
Now what you hear is what you lack  
Take a lil bit of this a lil bit of dat  
Who dropped the bomb on hip hop  
Who got biggie and who shot tupac  
What's forgot / ain't no eazy no scott larock  
Now what's rap gotta do wit what you got  
For whom the bell tolls  
Is that the way the story goes  
85% believing all the videos  
God knows / who controls the radios  
Some people chose the road to be hoes  
And so i rose / in the middle of all the woes  
And def jam / negroes turnin up their nose  
There's one way in no way out  
No doubt the body count  
Gettin headz checkin out  
Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

Time to make life shine again like glass

Gotta make it shine like glass

Outraged against the scene

Proofread the script

Flipped it back so i<sup>1</sup>m back in gang green

We interrupt this routine i had a dream

Da clean protein smacked the gangsta lean

Between the triple team

Wiped em out like a drought

Damn i<sup>1</sup>m raps tetracycline

Them lips foretold these apocalypse

Everything had a shot

And got hit wit bullshit

Twisted politics tricks i couldn<sup>1</sup>t get wit

As one quits another nitwit hits

All the way crazy, shady

World turned upside down

I put it down

Why destroy what you love

Look around

Surrounded by chalk marks on the ground

Where the lost got found

Why it all come tumblin down

Why he and she gotta die

Now how dat sound

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

On & on to the break a dawn

Some the 100 meter dash iÂ¹m the marathon

Been around a long time

But the rhyme the same

Sound remains insane

Exchange the reign

AinÂ¹t that somethin

Figure i smashed the pumpkin

So i parallel the brains of cobain

Show no shame like the pain of kane

Gettin madd opposition hip to the game

It's that gran ol' pe ammo

Different time different channel

Funky piano

Here to witness get on up with a quickness

It's in the house

With the thickness that get dis

1 2 3 4 5 attackin they frat

Griff is back got 5 on it black

The track got x on the decks

Terminators back cause a dat is whack

On the 1 and 2

Yeah go flavor

Pe hit the road gettin set to explode

Fight the power for peace

Can't forget the war mode

Overload

There she blows

Here we go

Now you know

Damn another alamo

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down

Do you wanna go our way

This the way we puttin this down
