I remember when us blacks

Were on our backs

Across tracks

Where we live

Now we packin' in Cadillacs

Or Pontiac if you know

What I'm sayin'

Po' old nigg thinks it's a Caddy

And now he's playin' mack daddy

But that's all right I blame it

All on Jack

Who's Jack you ask me

You say I say it every time

But the rhyme goes

Into your head down to your toes

And you missed me

Play it off like a diss, yo

Let's go & diss the

Wick wick wack

Wiggedy whack in fact

I'm sayin' hit the road Hack

For the hook

I'll play it by the book

For the track

I'll bring it back

Look out: Hit the road Jack

Black is black

White is white

That's all right

If you're right

That's all right

No need to fight, yo

Much respect if your nature's in check

A little

If not expect me to cock a doodle do

A riddle

Just actin' cracka proves to be a

Killer to me like I refuse to be a negro

But we grow to be people

People

But our color had 'em playin' us out

Like we was Cinderella

But if you take it & break it down

Full of noise but Jack & his boys

Keep doin' what they wanna do

But hear me out

Jack goes under color  
To kill one another  
'Cause some blacks act devil too  
And if you see him  
You can tell by his act  
Not his word but his deed  
And we bleed all because of that  
Lifestyle of a dirty rat  
And if you act like that  
Step back & hit the road Jack  
Not Jack the Ripper  
Or the jack of spades  
I'm not jackin' for beats  
Let's get Jack the raper  
Mothers cried while forefathers died  
From the whip  
And not a bit ever made the paper  
When I come they all  
Run & hide  
And they quit  
And yell loud  
Here he come wit' dat black s--t  
I'm thru wit Jack  
Bein' the quarterback of the scene  
He's played out like bell-bottom jeans  
I took a line from the Main Source

For that

I know they feel the same

Thank you

Hit road Jack
