Skills to kill

And fill a hole we roll deep

Wit a frown that's down

Low in the meddle of jeep beats

So I'm makin a point

Not stickin butts or blunts

But the Terminator X

And the rhythm he cuts

Figure this bigger brother

Gonna trigger the track

No I ain't country

And my name ain't Zack

Step the fuck back

Take a look at the racks

My world is a ghetto full of tapes and wax

CD's they only double the tax

And makin money money

New York city to lax

Tell the suckers suckers

Never ever relax

I'm kickin in cold facts so true

It feels like I'm livin in a zoo
Sayin I'm down like psycho
Wheres my rifle? Right though
I ain't Michael, yo
I ain't sittin on the dock of the bay
Wastin time in a crime wit a nine
Rather find another brutal rhyme
It's us verses, I put it all in verses
If the sound reverses
I pump it up wit curses
Fuck sittin in the back of the bus
But don't front what we lack
We got it loaded in a back pack
See they can do it to a man
But wit men suckers semi
Think that shit before they come again
No science to the wild senile
Slackin cause he packin like a
Runaway child yeah
Would I ever try to sever, hell no
Never would work if the
Rhyme wasn't clever
Wild in an isle
Stackin high from the floor tile
Back in the rack, where the rap never seen a

What I gonna wanna do...

Feels like I'm livin in a zoo

I don't know where I'm at

Heres a track

I try to duck duck

Those 3 bullets in the back

Top 40

Ignore me

Sooooo

I him em in the hood

Until it feel good

But I'm all right though

I wanna fight crazy dirty

It's not a matter of skills

But a battle of wills

Pow the stick up go the quicker the picker up

Trigga eenie meanie

Wit the gatt that so fat

Brrap bap bap cop dilla in a 16 wheeler

They call me over the phone

Che-che-checkin me out

Takin my time

To find a brother droppin dime

Once again it's on

In the paint, and I ain't givin up

No props to the game

And it stops in the name of the hip hop

Reign and the pain got me goin

Goddamn wont they even pull a

Bullet on a pop jam
