K. SHOCKLEE-E. SADLER-C. RIDENHOUR

War at 33 1/3

Haven't you heard

I got quick and clever

At the level of a scientist

With this list my fist pumps chumps

And don't miss

Sorry majority grudgin' against the enemy

And any other nigger wit an attitude see

And any other rapper whose a brother

Who try to speak to one another

Gets smothered by the other kind

No so divine so I heard it thru the grapevine

Sent the feds out to get mine

Time yo-yo to go Bronco in 90-91

Laughin' while they're searchin' for my 98

Accelerate the race from the chase

Looka my face

It ain't hate but they don't want a debate

To take great

Can I live my life without 'em treatin'

Every brother like me like we're holdin'  
A knife alright time to smack Uncle Sam  
Don't give a damn, look at the flag  
My bloods a flood  
Without credit  
Black and close to the edit  
I fed it, you read it, just remember who said it  
War at 33 1/3 not really live  
I rather do it at 45  
Went west in the quest for my intelligence  
Climbed a fence took a teacher on  
Ain't seen him since, hence he winced  
And convinced that the Black  
Was back revolving to a renaissance  
Bronze to gold I told felt bold  
Taught a so called teacher our role  
In civilizin' the whole globe  
Banned unplanned as I said  
I don't break down religion why?  
There ain't a smidgen for a pigeon  
Nature for bird, dog, worm or lion  
So my question to man is  
So why the lyin'  
God's law I saw is natural factual  
Only man creates a waste

Defiance in his haste

Based on scheme a scam

>From some mastermind damn if we read it

And we see it and still be blind

No need to search a fake church

Evangelical, huster

Anglo taxin' to muscle ya

Check I wreck you guess yes

All the bullshit now that's progress
