"Alcohol And Bandages"

Visit "[Alcohol And Bandages](#)" on MotoLyrics.com

The house is still at midnight, by one we'll be a wreck
Alcohol and bandages will soon follow this mess
Sleeping's overrated, we lie awake and cry
If this is love then kill me now and save me from my life
The house is dead by morning, as good as new again
The morning after funeral is coming to it's end
Smile's are too tempting and hopes as good as lies
Memories are pain that lost their meaning over time
Just close your eyes, everything will be okay
Just close your eyes, everything will be okay
Just close your eyes, everything will be okay
Just close your eyes, just close your eyes
[2x]
just let us sleep....
we never asked for this
