Friday night here come the crowds?And we're
swallowed whole
But we breathe alone?In the here and now?
All these voices melting down?I shut my eyes and I try
to hide?In the here and now?I can see the truth in your
eyes??Whisper words I'll never hear?Through the
deafening,
Through the broken scene?Through the endless fear?
Faith and flood is rushing out?When you look at me,
I can see the truth?In the here and now
?We're lost in the lights and sound (I can see)?The
walls all melt to the ground (the truth)?And if you don't
believe (in your eyes)?I will tear the sky down right now

We're lost in the lights and sound (I can see)?The walls
all melt to the ground (the truth)?And if you can't
believe (in your eyes)?I will tear the sky down for you??
We're deafening
And the broken sounds?I can hear the truth??We're
lost in the lights and sound (I can see)?The walls all
melt to the ground (the truth)?And if you don't believe
(in your eyes)?I will tear the sky down right now

We're lost in the lights and sound (I can see)?The walls
all melt to the ground (the truth)?And if you can't
believe (in your eyes)?I will tear the sky down for you

We're lost in the lights and sound?The walls all melt to
the ground?And if you don't believe?I will tear the sky
down right now
