Harlan Howard/Don Cook)

She's an angel and I ain't

Lord knows she deserves a saint

And it don't take a genius to see

Her only bad habit is me

Why she know me I don't know

I can sure be a hard way to go

But I'm right where she wants to be

Her only bad habit is me

Most of the time I'm walking the line

But sometimes I got out of hand

My baby scolds me, but later on she holds me

She loves me and she understands

She's perfection she's a ten

My baby never looks at other men

She had one weakness I see

Her only bad habit is me
