I know what I wanna do tonight
Sip tequilla with my lime
Watch the chicos, all the chicos
Looking, waiting, man, it's nice!
While that naughty, naughty record spins
It always makes my heart, my shoulders
And my hips, hips, hips
Go to full turn

DJ, turn it up
Pump it loud
Let's get wild
Get your freak on the floor (floor)
That's what we came here for
Feel the heat
Bump and grind
Pack it up
Add some whine
Shake it up
Shake it down
DJ, please don't let this party end

Baila, baila, baila (oh)
Baila, baila, baila (oh)
Baila, baila, baila (oh)
Baila, baila, baila (oh)

Now that the playground's getting hot
I don't ever wanna stop
Wanna dance
Never looking at the hand
That's on the clock
Feel the buzz
I will escape the freak is ready now to creep,
Creep outside
So play, play, play my song tonight!

DJ, turn it up
Pump it loud
Let's get wild (I wanna get wild)
Get your freak on the floor (Get your freak on the floor)

That's what we came here for
Feel the heat
Bump and grind
Pack it up
Add some whine
Shake it up
Shake it down (Ooh, shake it down, turn it down)
DJ, please don't let this party end

Baila, baila, baila (oh)
(You know I wanna dance, oh yeah)
Baila, baila, baila (oh)
Baila, baila, baila (oh)
Baila, baila, baila (oh)

Papi, I'm ready
Come let's go
My body's hot
And while me know
Just work it high
And work it low
You can pretend
That it's all yours
I know you wanna feel me
And you want me like a toy
I like the way you movin'
And you shakin' back and
(Round and round, bumpin and grindin)
(Round and round, bumpin and grindin)

You can feel it in your body
And I know you want it baby
Can't you hear my body callin
Don't you know I really want it
I can fill up your desires
If you come and let me!
(Round and round, bumpin and grindin)
Whoa!
(Round and round, bumpin and grindin)

DJ, turn it up
Pump it loud
Let's get wild
Get your freak on the floor (floor)
That's what we came here for
(That's all we came here for!)
Feel the heat
Bump and grind (Ooh)
Pack it up
Add some whine
Shake it up
