Anytime you need a friend  
You can count on me  
Anytime you're having doubts  
You know I will believe

Even through thick and thin  
No matter, where or when  
On me you can depend  
We are best friends

Whenever there is something  
That is trying to knock you down  
Remember you can call me  
And we'll get your feet on solid ground

You'll never have to worry  
Don't you ever walk in fear  
'Cause through it all you'll have someone  
Who's always standing near

Right by your side  
If you need my strength  
You can tell me  
There's nothing to hide

Anytime you need a friend  
You can count on me  
Anytime you're having doubts  
You know I will believe

Even through thick and thin  
No matter, where or when  
On me you can depend  
We are best friends

You understand the battles  
We must go through every day  
If ever I am lost, I know that  
You will help me find my way

I still remember all those times  
When I was feeling low

You picked me up and said there's something  
I think you should know

You're not on your own  
Whatever you're facing  
You don't have  
To face it alone

Anytime you need a friend  
You can count on me  
Anytime you're having doubts  
You know I will believe

Even through thick and thin  
No matter, where or when  
On me you can depend  
We are best friends

As long as we're together  
There's no mountain that we can't climb  
Through the good and the bad, happy or sad  
This friendship we have will last for all time

Anytime you need a friend  
You can count on me  
Anytime you're having doubts  
You know I will believe

Even through thick and thin  
No matter, where or when  
On me you can depend  
We are best friends

Anytime you need a friend  
You can count on me  
Anytime you're having doubts  
You know I will believe

Even through thick and thin  
No matter, where or when  
On me you can depend  
We are best friends
