You, you came to me one night  
Just like a ray of light  
I thought we'd be forever

Now it's so clear to me  
I'm part of history  
You're leaving me in sorrow

So deeply, so badly, you're hurting me

Tell me - who's that lucky hero  
Sleeping tightly on your pillow?  
Ah... tell me - will it be forever?  
'Cause when you look at me  
I'm Mister Nobody  
It's just a game you play  
Can't let you walk away

Like a stranger passing by  
With no more tears to dry  
You're leaving me in sorrow

So deeply, so badly, you're hurting me

Tell me - who's that lucky hero  
Sleeping tightly on your pillow?  
Ah... tell me - will it be forever?  
'Cause when you look at me  
I'm Mister Nobody  
It's just a game you play  
Can't let you walk away

Tell me - who's that lucky hero  
Sleeping tightly on your pillow?  
Ah... tell me - will it be forever?  
'Cause when you look at me  
I'm Mister Nobody  
It's just a game you play  
Can't let you walk away
