Let me tell ya boy  
About you bring so much joy  
Into my world when I just a lonely girl  
Crying every night  
'Cause what was missing in my life  
Was someone to love  
Someone who wasn't scandalous  
Then you came along  
And you helped me sing a different song  
When I turn around  
Feels like I'm really living now  
All because of how I found someone who understands  
What I'm all about  
You're all I ever talk about

[Chorus:]  
Being with you  
Got me  
Feeling some kind of way  
Got Me  
Feeling like wifey  
Got me  
Feeling so wonderful  
Being with you  
Got me  
Up on Cloud Nine  
Got Me  
Glad you're all mine  
Got me  
Oh so comfortable

You're the one for sure  
Everyday I love you a little more  
Then the day before  
Wish we were together way before  
Now because I spent so much time without a love  
I could my own but all those days of being alone are  
Over, everyday we're getting closer and closer  
So glad I finally know a (true) true love  
Feels like from having you love  
Me the way you do

(Being With You)

[Chorus]

[Bridge:]

I'm floating now  
My heads in the sky  
I'm actually high  
You're the reason why  
And I can't even lie (can't even lie)  
Together we're fly  
We don't even try  
We just got it  
(Being With You)

[Chorus]
