I don't know
(I don't know)
I don't know
(I don't know)

I don't know
(I don't know)
I don't know
(I don't know)

Baby, I don't know if I can let you
Get that close to me again
'Cause last time I let you
Our life was one big argument

And I'm willing to bet you
That we'd be better off as friends
Can you accept just being friends?

You're telling me that we should sit down
And talk about us
But truthfully, I really don't agree
'Cause we don't have much to discuss

For some reason you think that we could work it out
I have serious doubts

Baby, I don't know if I can let you
Get that close to me again
'Cause last time I let you
Our life was one big argument

And I'm willing to bet you
That we'd be better off as friends
Can you accept just being friends?

If I said that I didn't still care about
That would be the biggest lie I could ever tell
I'm just tryna save myself from the drama
'Cause we have gone through so much hell
And I don't wanna go back

Baby, I don't know if I can let you
Get that close to me again
'Cause last time I let you
Our life was one big argument

And I'm willing to bet you
That we'd be better off as friends
Can you accept just being friends?

Baby, I don't know if I can let you
Get that close to me again
'Cause last time I let you
Our life was one big argument

And I'm willing to bet you
That we'd be better off as friends
Can you accept just being friends?

Let's be friends and only friends
I bet you we should just be friends and only friends

Baby, I don't know if I can let you
Get that close to me again
'Cause last time I let you
Our life was one big argument

And I'm willing to bet you
That we'd be better off as friends
Can you accept just being friends?
