Last night I fell in love

It takes control of me when I see love in your eyes
You're like a spring time breeze, you send chills
through me a natural high
It's just the way you've been my best friend right by my
side
And there's no one else like you, baby, last night I
realized that's why

Last night I fell in love, see I fell in love with you all over
again
It's true I fell in love with you

It was unbelievable when you touch me so tenderly
Your kiss was so sweet and though you will never know
it was like a dream
I hope that it will never end, please do it again 'cause it
feels all right
I need someone to pinch me please 'cause I can't
believe
It happened in one night

Last night I fell in love, see I fell in love with you all over
again
It's true I fell in love with you

Last night felt just like the very first time
When you and I first made love on that first night
It would be only right if we live our lives side by side
'Cause last night I fell in love with you again

Last night I fell in love, see I fell in love with you all over
again
It's true I fell in love with you
Last night I fell in love, see I fell in love with you all over
again
It's true I fell in love with you
Last night I fell in love, see I fell in love with you all over
again
It's true I fell in love with you
