Baby
Been checkin' for you now for a while
And I got to admit
(That I like your style)
Ain't never met a brother
Who can do the little
Things that you do
(Boy, you drive me wild)
It's got me thinkin' that we can connect
And get better acquainted
(Alright)
Know that you wanna come talk to me

Boy, stop your fronting
(Come on over and say something to me)
You know you want to
(I can tell by the way you look at me)
You like what you see
(So do I, you've been all I believe)
So stop your fronting
(Come on over and say something to me)

Now how much longer
Are we gonna play these games
Me lookin' at you?
(And you starin' at me)
'Cause the way that we flirt
It's obvious that we have
(Chemistry)
Ohh, boy, what you gon' do?
(I'm tryin' to see the simple truth)
'Cause I ain't got all night
You just should come over

Boy, stop your fronting
(Come on over and say something to me)
You know you want to
(I can tell by the way you look at me)
You like what you see
(So do I, you've been all I believe)
So stop your fronting

(Come on over and say something to me)

Boy, stop your fronting

(Come on over and say something to me)

You know you want to

(I can tell by the way you look at me)

You like what you see

(So do I, you've been all I believe)

So stop your fronting

(Come on over and say something to me)

You're gonna

(Play yourself and let me get out of here)

Without givin' you my number

(Actin' like you can break away from me, boy)

Better tell me to wait up

'Cause I ain't got all night long

My girls and I are 'bout to roll

Don't miss your chance

Boy, stop your fronting

(Come on over and say something to me)

You know you want to

(I can tell by the way you look at me)

You like what you see

(So do I, you've been all I believe)

So stop your fronting

(Come on over and say something to me)

Boy, stop your fronting

(Come on over and say something to me)

You know you want to

(I can tell by the way you look at me)

You like what you see

(So do I, you've been all I believe)

So stop your fronting

(Come on over and say something to me)

Boy, stop your fronting

You know you want to

You like what you see

So stop your fronting

Boy, stop your fronting

(Come on over and say something to me)

You know you want to

(I can tell by the way you look at me)

You like what you see

(So do I, you've been all I believe)

So stop your fronting

(Come on over and say something to me)

Boy, stop your fronting
(Come on over and say something to me)
You know you want to
(I can tell by the way you look at me)
You like what you see
(So do I, you've been all I believe)
So stop your fronting
(Come on over and say something to me)
