Verse 1: Busta Rhymes

remember the days when I was walking and talking  
doing what I gotta do, doing what we wanna do  
off into my walked dawn missions, why?  
cos the brothers that I knew with the rise drove by  
only nice in the days looking down the road  
seeing beautiful girls with the car load  
yeah yeah yeah they are screaming,  
wish I had a little ride on my own,  
but since I don't there is my sobb story  
my missions will continue as I keep on stalking  
stamina was dying from the constant walking  
right before the moment I began to car to my man Ridle  
who had a some moving on  
I tought he wouldn't know that's my dying  
where are the others nammy you beat and kept driven  
now in my heart they do a big hole  
cos my little, little, little toes  
started jumping on my end soul  
it was frigity burn and then I said wait, I got pride  
it's time to get my own ride  
I came up with the scheme and got paid  
I had no other choice but go at knowledge of tray  
when I got my transport, I got kind of steam G up  
cos I got cherry pet further  
now I'm feeling good cos I'm off my feet,  
man the little squalid dogs running up in the street  
and they saying:  
my name is Sharina, my name is Busta  
my name is Tonia, my name is Busta  
my name is Dianna, my is Busta  
and what do you take me for the little loco push over  
no shame in my game cos that's how I got this  
and when I return the playback everybody gets pist  
and now I am the man fielding all the glory  
and when you rise down and gone, just remember that

Chorus:

I KNOW YOU AND YOU KNOW ME,  
I KNOW YOU AND YOU KNOW ME,  
I KNOW YOU AND YOU KNOW ME,
