1-All this time I thought that you were but you're not  
You didn't have to give 'cause I gave a lot  
2-I was trying to make it work but you only made it worse  
The more I try to speak, the less that I get hurt  
When you tell me nothing's wrong (the way)  
You told me for so long  
If only it were true, I'll give it all to you  
Chorus:  
But how, how can I be sure?  
Oh how, how can I be sure?  
Would it be the same when I call your name?  
Could I be as free like I used to be?  
Couldn't catch up with your mind  
You're always leaving me behind  
There's sadness in your eyes but I'm the one who cried  
The conditions were insane, am I the one to blame  
The only thing to do is try to see it through  
Chorus  
Repeat 1, 2, chorus 2x  
Baby, how can I, Baby, how can I be sure 2x
