Uh huh
You think it's funny
To keep me waiting
Well, I'm not laughing it's
So wrong, so wrong
It's got me feeling
Under the weather
But you can cure me
Won't take too long, too long

I need some of your time
Need some of the only thing that makes me calm

I like it when you touch me, touch me
You keep me waiting so long, so long
I like it when you touch me, touch me
Your kiss, your kiss is curing my hysteria
Uh huh

And you're my favorite
But I can't take it
So come on over and hold on, hold on
You kissy face me
Can't take your teasing
And now you're dragging me along, along

I need some of your time
Need some of the only thing that makes me calm

I like it when you touch me, touch me
You keep me waiting so long, so long
I like it when you touch me, touch me
Your kiss, your kiss is curing my hysteria
Uh huh

Touch me, touch me
So long, so long
Touch me, touch me
So long, so long

I need some of the only thing

The only thing, the only thing that makes me calm

I like it when you touch me, touch me
You keep me waiting so long, so long
I like it when you touch me, touch me
You keep me waiting so long, so long
I like it when you touch me, touch me
Your kiss, your kiss is curing my hysteria

Touch me, touch me
So long, so long
Touch me, touch me
So long, so long
Touch me, touch me
So long, so wrong
