You only wake me  
Up if you're hungry  
I'll make some dinner but not today  
You only take me  
If you get lonely  
Into the sunshine where we can play

Oh well, we'll light a cigarette  
Or two  
Maybe we'll ride on handlebars  
So you  
Go on and give it to me

Yeah yeah  
Just kick me to the  
Yeah yeah  
Just kick me to the  
yeah yeah yeah  
Just kick me to the curb  
Just what I'm needing

You only spank me  
When I get naughty  
Sometimes I manage to go astray  
You only thank me  
When you get greedy  
You know I'll take you back, so it's okay

Oh well, we'll light a cigarette  
Or two  
Maybe we'll ride on handlebars  
So you

Go on and give it to me  
Yeah Yeah  
Just kick me to the  
Yeah yeah  
Just kick me to the  
Yeah yeah yeah  
Just kick me to the curb  
That's what I'm needing

Yeah x10

You only thank me  
When you get greedy  
You know I'll take you back, so it's okay  
You only take me  
When you get lonely  
Into the sunshine where we can play

Yeah yeah  
Just kick me to the  
Yeah yeah  
Just kick me to the  
Yeah yeah yeah  
Just kick me to the curb  
That's what I'm needing

Yeah x 10

Just kick me to the curb  
That's what I'm needing x2
