I see him there
Why do I care?
His reputation warns me
To be with him
Fulfill his whim
And hope he keeps me maybe

This crush is dangerous
I know he has no love for me
No oh oh

We're doin' fine
I shouldn't mind
It when he keeps me waiting
To be untrue
Oh what to do?
I know he'll soon be caving

This crush is dangerous
I know he has no love for me
No oh oh
Oh oh oh oh

All I wanna know
Is should I let him go
Or kill him tonight in his sleep?
No matter what my choice
He won't be taking me

Was my boyfriend
With her again?
I guess he's found another
So now my turn is over

This crush is dangerous
I know he has no love for me (X4)
No oh oh oh oh
