I'm gonna tell a little story
About the ones I left and left me
You know if you're one, 'cause you know what you've
done
Oh oh

Spending days and nights with Matty
For weeks on end
Only to dump me
I had my suspicions
Your jealous convictions
Woah oh

And you deny
You've done wrong
Well, I've kept my mouth shut too long

Get out of my way, way-o
First you kissed me, then you killed me
Get out of my way, way-o
Won't stop me, watch me go
Watch me go

Eddie always wore a tie
Got drunk and called and made me cry
Why he did it
He wouldn't admit it
Woah oh

Emilio was a two-timer
Hooked up with my friend, the liar
Spread the wrong story
Made sweet people hate me
Woah oh

And you deny
You've done wrong
Well, I've kept my mouth shut too long

Get out of my way, way-o
First you kissed me, then you killed me

Get out of my way, way-o
Won't stop me, watch me go
Watch me go

Still you deny
You've done wrong
Well, I've kept my mouth shut too long

Get out of my way, way-o
First you kissed me, then you killed me
Get out of my way, way-o
Won't stop me, watch me go

Get out of my way, way-o
First you kissed me, then you killed me
Get out of my way, way-o
Won't stop me, watch me go
Watch me go
Watch me go
Watch me go
Watch me go
